 Ezekiel
 Details
 But it's pretty sure I could have a
 good case for getting custody
 I got the perfect story
 Comes from a family of alcoholics
 Parents had her in the bars & high
 school
 I don't want that for my child
 I want better
 She's already have the DUI
 Several underage sex
 Discouraged already for me
 And I still have to start from saying
 about how scared I was of my dad
 Because he is abusive
 My child don't need to be around that
 Just from my mom with me and she
 will help me out
 My child is not gonna be average

Conclusion of Findings:

From conducting the analysis of both mobile devices provided, several picture files were located with possible injuries to Tiffany Thompson within the specified timeframes provided. These pictures were sent to several individuals to show the extent of the injuries and to notify of the incident occurring.

There were four specific timeframes where possible incidents occurred and injuries possibly occurred to Tiffany Thompson.

October 2015

- Chat session with Aunt Elaine discussing possible abuse from Ezekiel Elliott towards Tiffany Thompson. No pictures or additional messages were present to confirm incident occurred. Information is in the timeline provided.

February 2016

- Chats sessions discussing possible abuse going back to February of 2016. Additional chat sessions with Aunt Elaine and Ezekiel Elliott talking about police on scene and Tiffany Thompson speaking to Police. Information is in the timeline provided. Additional conversation with Lee Lee about abuse starting back in February.

April 2016

- Picture files were located on the mobile device with possible injuries for that timeframe. Examiner did not recover any chat or text messages discussing an incident of possible abuse. The metadata capture time was used to identify the true date of when the photos were taken. Information is in the timeline provided.

July 2016

- Both text and picture files were located for two specific dates within the July timeframe. Within these two dates, there are several chat sessions with Aunt Elaine, Ezekiel Elliott, Ayrin, Tessie, and Lee Lee discussing the incident and pictures showing the extent of possible injuries. Tiffany Thompson reported incident to police who responded to the scene. Also within the two dates, Tiffany Thompson was involved in a physical altercation with another female, and was also involved in a car accident. Information is located within the timeline provided.

In conducting the investigation, I did not see any signs on date and time manipulation. Some of the picture timeframes (creation/accessed/modified) on files from Tiffany Thompson mobile device do not reflect the accurate timeframes when the picture was taken. The metadata was used to reflect the correct timeframe by using the capture date which gets embedded in the picture when the picture is taken. These pictures are discussed in the timeline presented above for review.
